## **Brian Allen Named ENR Southeast's Top 20 Under 40**

Brian Allen, president of Precision Walls, Inc., was named among the talented individuals that started new divisions, found new markets and displayed leadership, diligence and integrity. As part of the premier issue of ENR Southeast Magazine, a new regional section of ENR, they introduced a “Top 20 Under 40” highlighting the exceptional players working in the Southeast’s A/E/C industry that will have the potential to play an important role in the industry for years to come.

Brian Allen grew up in his family’s business, North Carolina-based Precision Walls, where over 20 years ago he learned to install drywall and demountable partitions as well as other aspects of the industry by working for different foremen each summer. He’s been serving as the company president for seven years, growing it into one of the Southeast’s largest specialty contractors.

### **About Precision Walls:**

Precision Walls, Inc. is a family owned and operated specialty contractor headquartered in Cary, North Carolina with offices located in North Carolina, South Carolina and Tennessee. Precision Walls started from its humble beginnings in 1964 to become one of the nation’s premier specialty contractors serving clients throughout the Southeastern United States. It is recognized by “ENR” as one of the Top 10 walls and ceiling contractors in the United States. Precision Walls specializes in light gauge framing & trusses, commercial drywall, moveable & operable partitions, acoustical ceilings and EIFS. For more information on Precision Walls, Inc. visit [www.precisionwalls.com](http://www.precisionwalls.com).
