

Modernfold® Operable Partitions

Modernfold® Operable Partitions

Precision Walls, Inc. is an authorized distributor and installer for Modernfold®, the most respected manufacturer of operable walls in the industry. Modernfold® offers a collection of standard accordion doors, manually operated folding partitions, and electronically controlled partitions. Operable partitions are available with a variety of options and can be constructed to allow for customization in the field.

Precision Walls' experience installing Modernfold® varies from small accordion doors in church meeting rooms to electrically controlled partitions to divide banquet halls. Our service crews are also available to perform standard maintenance or repairs to your operable walls and accordion doors regardless of the manufacturer.

Advantages of Operable Partitions:

- Operable partitions transform interior space requirements to meet current and future demands.
- Designed to facilitate quick set-up
- Sound control through a wide range of acoustic ratings without fixed wall constraints
- Allow for more efficient use of floor space

SINGLE PANEL SYSTEMS: Solve complex layout challenges, accommodate wide variations in floor conditions and are often used in conference, multi-purpose, hospitality, and convention facilities.

PAIRED PANEL SYSTEMS: Hinged together in groups of two which facilitates quick and easy setup. Designed to be stored at either or both ends of an opening. Frequently used to divide classrooms, meeting rooms, or office spaces.

CONTINUOUSLY HINGED PANEL SYSTEMS: Connected together in a train, extending as one complete unit. Electrically operated partitions are frequently used in school gyms, classrooms, hotels, and board rooms

ACCORDION DOORS AND PARTITIONS: Provides quick and easy space division.

MOVEABLE GLASS WALLS: Provides flexible interior design.

MOVEO GLASS: Moveable glass wall with double paned glazing that provides proven sound insulation.
