

SAFETY FIRST!

Gerry Golt (VP of Safety & Risk Management) accepts the ABC of the Carolinas 2011 GOLD STEP Award.

On 10-13-11, Gerry Golt and Courtney Jenkins attended the annual ABC Safety Conference held in Charlotte, NC. Established in 1989 by the ABC National Environment, Health & Safety (EH&S) Committee, the Safety Training and Evaluation Process (STEP) program was developed and written by contractors, for contractors. It incorporates both OSHA required safety data with self-assessment requirements to give a full, wide ranging report on the entire nature of a company's Safety Program. It is an organized approach for analyzing and developing safety and loss prevention programs. All companies claim that safety is a priority; with STEP you can prove it. This is the fourth consecutive year that Precision Walls has been awarded this award.
