

## Precision Walls makes the Grant Thornton NC Top 100 list for 2010!

---

Michael Boykin Brian Allen Joey Ward

Precision Walls is pleased to announce that they are included in the Grant Thornton NC Top 100 list for 2010. Grant Thornton has been celebrating the essential role played by private companies in the North Carolina and South Carolina economies for over 25 years. The Grant Thornton North Carolina 100® is the annual rankings of the largest privately held companies in the Carolinas. Participation is voluntary. Michael Boykin (Senior Manager-Grant Thornton) and Joey Ward (Partner-Grant Thornton) presented the award to Brian Allen (President-Precision Walls, Inc) in early November.

Precision Walls, Inc. is a family owned and operated specialty contractor headquartered in Cary, North Carolina. Precision Walls started from its humble beginnings in 1964 to become one of the nation's premier specialty contractors serving clients throughout the Southeastern United States. Precision Walls is recognized by "ENR" as one of the Top 10 walls and ceiling contractors in the United States. What really put Precision Walls on the map however, is their pioneer work in the area of moveable and specialty wall systems. Through the years, the company's product line has continued to expand and today includes both interior and exterior top-of-the-line products.
